EDUCATION

Chennai Institute of Technology - Chennai

2024-2028

Bachelor of Engineering

Current **CGPA: 8.94/10.0**

Coursework: Computer Architecture, Computer Networks, Operating Systems, Software Engineering, DBMS

EXPERIENCE

BETSHOOW - Application Development Intern

NOV 2025 – DEC 2025

India

- Completed Frontend Development Internship working with React.js and Tailwind CSS.
- Improved UI performance and strengthened API integration for the radiology management system.
- Developed reusable React components and enhanced user experience through responsive UI design.

PROJECTS

INSTACLONE – Social Media Photo Sharing Application – React ,Bootstrap, Firebase, TypeScript, CSS, Git.

- Implemented secure authentication, user profile setup, and cloud-based media storage for reliable management.
- Built a responsive social media application supporting posts, likes, comments, and personalized user feeds.
- Integrated APIs and state management for smooth interactions and optimized performance across devices.

STAFF ATTENDANCE – Staff Duty & Attendance Monitoring System - React, JavaScript, Supabase, Git.

- Developed a staff attendance platform for tracking check-ins, duty hours, proxy detection, and maintaining records.
- Implemented secure authentication, role-based access control, and dashboards to monitor staff activities.
- Integrated APIs and efficient state management to ensure smooth interactions and optimized performance.

SILENT SOS– Smart Instant Life Emergency Notification & Tracking System - React Native,Firebase,CSS,Git.

- Developed a mobile safety application disguised as a news feed interface to trigger SOS alerts during emergencies.
- Automatically sends alerts with location to emergency contacts during danger situations.
- Implemented features including Child Help, Fire Rescue, Fall Detection, Assistance for multiple emergencies.

RURAL MINT–E-commerce Platform for Handmade Products-React,JavaScript,MongoDB,Firebase,BlockChain.

- Buyers can verify product originality and purchase genuine handmade products through transparent marketplace.
- Built an online platform enabling rural artisans to sell handmade products with blockchain-based certificates.
- Ensures transparent product verification,buils trust between artisans and buyers by preventing handmade goods.

SKILLS

- Programming Languages:** Python, SQL, JavaScript, C++, C, Java, TypeScript.
- Artificial Intelligence:** Pandas, NumPy,Matplotlib,langChain,LangGraph,RAG,Seaborn,OpenAI API, Hugging Face.
- Frontend and Design:** HTML, CSS, React.js, next.js,Tailwind CSS,Django ,Canva.
- Backend and Databases:** MySQL, Supabase , MongoDB, SQLite, Firebase, Node.js, Typescript.
- CS Fundamentals:** Data Structures, Algorithms, Computer Architecture, Operating Systems, DBMS, OOPs.
- Soft skill and Tools :** Leadership , Team management ,Communication , Git , GitHub , VSCode , IntelliJ , PostMan.

COMPETITIVE PROGRAMMING

- Leetcode: Max rating - 1655 | Solved problems: 880+ | Top 18.87% globally | Badges: 5| Highest Rank: 5392.
- CodeChef: Max rating - 1297 | Position : 1 Star | Problems: 590+ | Global rank :5282 in Starters 228 (Rated).
- Codeforces: Max rating - 864| Position: Newbie | Solved problems: 70+ | Highest rank : 7246 in round 1085.

ACHIEVEMENTS

- CSIC Hackathon** (Built an e-KYC verification system using cryptographic keys(Top 50),**DSCI -Govt of India.**
- IDEATHON** (Built an AI- powered price prediction app to support regional laguages),**IIITDM-Kancheepuram.**
- TechSprint** (Built an AI-powered crowdsourced platform to detect price fixing and improve transparency),**GDG.**

CERTIFICATION

MongoDB -MongoDB (Basics)	Link 2025	Cisco - Introduction to networks	Link 2025
NPTEL - Introduction to IoT	Link 2025	Cisco - Intoduction to cybersecurity	Link 2025
AWS - AWS Cloud Parctitioner Essentials	Link 2025	IBM - AI fundamentals with IBM	Link 2025

VOLUNTEERING

Assisted in organizing and coordinating the Hackerz Code-A-Thon hackathon, supporting event operations and ensuring smooth participation and engagement.
